ILLINOIS HONORS *Lloyd (Pop) Saxe*

The Illinois Polled Shorthorn Association is pleased to dedicate the 1976 Bi-Centennial State Sale to Lloyd (Pop) Saxe, Albion, Illinois. This is a very small appreciation for a lifetime of service to the Shorthorn fraternity. Pop Saxe began his Shorthorn herd in March of 1935 as a junior in high school. The herd is still active today. For 33 years Saxe cattle were shown at fairs throughout the Midwest. In 1950 he was instrumental in founding the Tri-State Sale at Albion and this sale has been a vital breed promotion in that area for 26 years. The past few years he has assumed the responsibility of sale manager and the sale has grown each year since.

The Saxe family are all actively engaged in agriculture, and the Shorthorn business. Carolyn McKinney, whom Pop married in 1942, is a Home Economics teacher. Son, Kent, works for the Federal Land Bank and maintains a small herd of Polled Shorthorns. His wife Coleen spends many hours working with the cattle.

TERMS and CONDITIONS

TERMS

Terms of the sale are cash, payable to the clerk immediately following the sale.

GUARANTEE

All cattle sell under the standard guarantee recommended by the American Shorthorn Association.

INSURANCE

Will be available sale day at the clerk's desk. Insurance will be handled by Harding & Harding, Geneva, Illinois.

ANNOUNCEMENTS

Announcements from the block take precedence over printed material in this catalog.

HEALTH

Health certificates will be provided with each lot sold.

LIABILITY

All persons who attend the sale do so at their own risk. The owners, sale manager, ringmen or clerks assume no responsibility, legal or otherwise, for any accidents which may occur.

REGISTRATION AND TRANSFERS

All animals sell with completed pedigree in the hands of the sale manager or the American Shorthorn Association for immediate transfer to the new owner.

MAIL BIDS

We hope it will be possible for you to attend. If you cannot, mail or telephone your bids to the Sale Manager or representatives.

Fellow Polled Shorthorn Breeders:

On March 14 and 15 the Illinois Polled Shorthorn Association will present what I feel is the strongest offering of Polled Shorthorn cattle to sell this spring. Please take the time to study this catalog. Note the outstanding sires and in particular the outstanding service sires that are represented in this auction. There are many females of truly foundation calibre in this sale. New as well as established breeders should take advantage of this opportunity.

As usual, the bull offering features many champions and class winners from the Nation's strongest shows and undoubtedly contains several bulls that will write history as herd sires.

I invite you to attend the Annual Meeting of the Association as well as the show and sale. Let's join together to promote this great breed of beef cattle. If there is anything either myself or my staff can do to help you, please do not hesitate to call.

Sincerely,

DON CAGWIN
Sale Manager

WILLOW CREST DEFENDER x — By '68 Par Cherry '71 2nd x (Sire of the First Place Get of Sire at the 1975 Illinois State Fair.) Defender's dam stood 5th in a class of 61 heifers at the '72 National Show. He weaned at 500 lbs. at five months without creep and is possibly the best bull we have ever raised. His show record — 3rd at Illinois State Fair, 1st at Indiana State Fair and Reserve Junior Champion, 4th at Kentucky State Fair, 2nd at the National Show in Louisville, 1st at the International and at a large county fair he was named Champion Over All Breeds. Defender and the other bull we are selling in this sale were 1st pair of bulls at the Indiana State Fair and 2nd at the National. Defender and a half sister were named best pair at the International. Defender has the length of body and thickness that we need today. His feet have never been touched. We have cows bred to him and a supply of frozen semen. **Two-thirds interest and full possession sells.**

GH CHERRY LADY — Here's a chance to see what a "Milker Bull" will do for your cows. She's a heifer that didn't grow through the top of our barn, but one that should have increased milk production. After all, here's what it's all about — increased weaning weights through increased milk production which equals increased profit.
